## **INTRODUCTION**

We would like to take the opportunity to introduce ourselves in your very valued & esteemed organization for your regular requirements of Fabrications/CNC Machining of various items on Tailor Made Basis

We enclose herewith our Company introductory letter for your ready reference.

### **Company Profile**

It was the spirit of entrepreneurship which, gave birth to Rupam Fabricators. Even as a fledgling organization, Rupam had a road map for success with clearly identified goals. Engineering expertise, an ability to deliver excellent product quality, deep commitment to after sales support and extreme flexibility in applying engineering concepts to specific solutions were the intrinsic strengths that made sure these goals would be achieved.

Today, Rupams team of technocrats, with their vision and commitment, has ensured that the company remains on a remarkable growth path. This growth is reflected in every product delivered to the most demanding customers that Rupam has across the country today. While spreading its horizon, Rupam also had a growing global clientele. It is a matter of pride for Rupam that customers, both in India and abroad, today look to us as a key team partner for delivering reliable engineering products.
